The screenshot shows a web-based course search interface. At the top, there are several buttons: Course Schedule, Add / Search Course, Create Schedule, Pre-Check Registration, Find Professor, Register All Changes, and Make an Appointment for Help. Below these are search fields for 'Search for Classes by Course Number or Name' and 'Go'. To the right are buttons for 'Recommendation courses', 'Choose GE Courses', and 'Choose electives'. A sidebar on the right is titled 'Major Required Courses' and contains a 'Select Major' dropdown menu with options like Aerospace Science and Engineering, Agricultural and Environmental, Computer Science, and Wildlife, Fish & Conservation.

← Pop-up Window

A pop-up window titled 'Electives' with a 'Select Major' dropdown menu. The menu lists several majors: Aerospace Science and Engineering, Agricultural and Environmental, Computer Science, and Wildlife, Fish & Conservation.

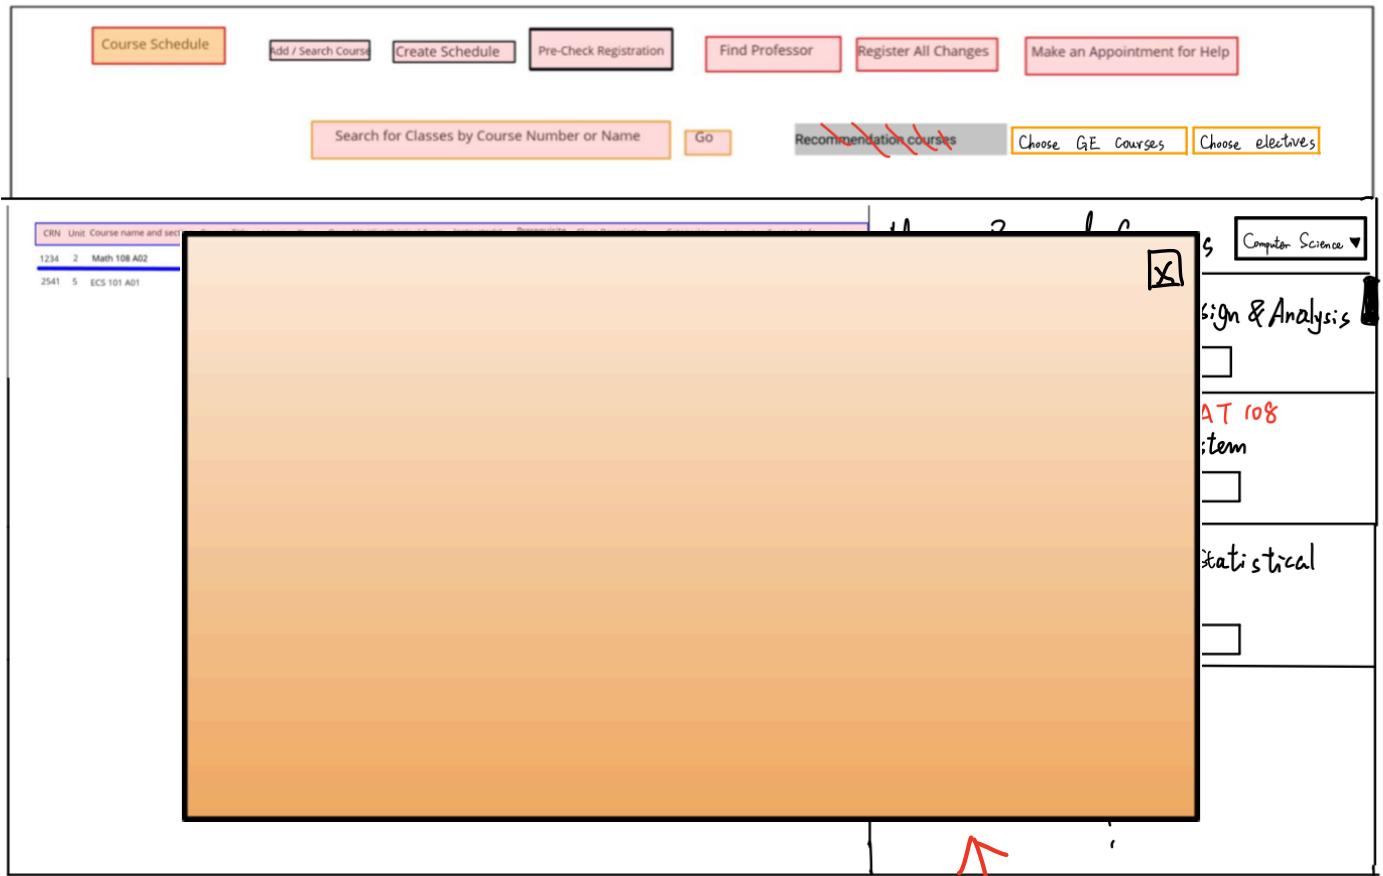

← Scrolling down

A list of elective courses under the 'Computer Science' major. The courses listed are ECS - Computer Science, EEC - Electrical Engineering, ECN - Economics, and others (indicated by a vertical ellipsis).

← Scrolling down

Details for two courses under the 'Computer Science' major:

- ECS 120 - Theory of Computation**: Shows a note 'Time Conflict with MAT 108' and buttons for 'Show Details' and 'Save'.
- ECS 122B - Algorithm Design & Analysis**: Shows buttons for 'Show Details' and 'Save'.
